Our commitment...

- To provide quality service at a *fair* price. We welcome you to compare our pricing to that of our competitors. **We are confident you will realize a 20 to 40% savings.**
- **Fast response** to minimize damage.
- Keeping insurance adjusters and property owners informed regarding all aspects of the cleaning and restoration process. AC&R will work jointly with adjusters and property owners regarding decisions requiring major restoration expenditures.
- Insure **quality workmanship** by utilizing only trained and certified professionals on all jobs.
- Maintain continued presence on jobs until completion. **The work schedule is not interrupted or delayed until all work is completed** to the insured's satisfaction.
- Utilize a well-organized job sequence to insure timely job completion.
- Provide detailed estimates.
- **Complete customer satisfaction** is our goal. Each customer is required to complete and sign a Quality Assurance form and Work Completion form.
- Maintaining professionalism through **continuing education** for all employees, **uniformed clean appearance**, and **quality customer service**.
- Provide only modern, **state-of-the-art equipment and cleaning materials** to insure quality performance.
- Recommend only **experienced quality subcontractors**.

SERVICES

Soot Damage Cleaning

Cleaning of soot from furnace malfunctions and fires.

Fire Damage Cleanup

Full service cleaning provided. Including debris removal, soot cleaning, deodorizing, pack-out/move-out service, demolition, itemizing, etc.

Water Damage Cleaning

Complete water damage cleaning and drying. This includes pump-out service, water extraction, carpet cleaning and reinstallation, tear out service and structure drying.

Deodorizing

All types of deodorizing including thermo-fogging, ozone deodorizing, direct application deodorizing, and vapor deodorizing.

Move Out Service

Complete pack-up/move-out service utilizing our **spacious and clean** warehouse facility. On-site storage containers also available.

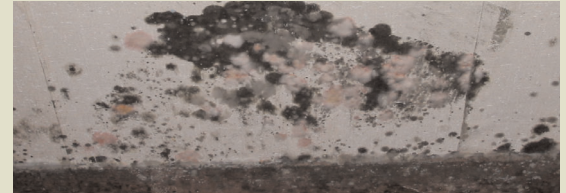

Structure Drying

Structure drying using the latest water detection and drying equipment. We use both evasive and non-evasive techniques to insure the most economical process to minimize rebuilding costs.

Mold Remediation

Complete and economical mold remediation service using certified methods.

Subcontract Services

Laundry and dry cleaning, furniture refinishing, painting and redecorating and structure repair. We utilize only contractors qualified in the restoration field.
